

**REDUCE  
REUSE  
RECYCLE**

As stewards of the environment, we recycle more than 168,000 lbs of material annually to protect and preserve resources for ourselves and future generations.

**\$1.1 MILLION+  
TO FRIENDS OF WE CARE**

Flanagan's is an active and proud supporter of We Care, a foundation that raises funds through the foodservice and hospitality industry to send physically disabled children to Easter Seals camps across the country. Each year, Flanagan's raises tens of thousands of dollars for this Canadian non-profit charity.

Flanagan's ammonia refrigeration systems require less electricity and are a safer choice for the environment with an Ozone Depletion Potential (ODP) rating of 0 and a Global Warming Potential (GWP) rating of 0.

**200,000 kg  
SOURCED ANNUALLY  
FROM ONTARIO FARMS**

Flanagan's diverts approximately 200,000 kg annually from out of province sources to Ontario family farms for products like protein, poultry, dairy, produce, and grocery items.

Proud supporter of Ocean Wise.

**\$900,000+  
TO SPEROWAY**

Speroway provide access to food, education, and healthcare for children and their families around the world and in marginalized communities across Canada. To date, Flanagan's has donated more than \$900,000 of food to proudly help build long-lasting solutions to poverty.

Flanagan Foodservice is a proud preferred purveyor of Feast ON<sup>®</sup>, a certification program that recognizes businesses who are committed to sourcing Ontario grown and produced food and drink.

LED and motion lights reduce energy usage by 15%.

**540+  
HOURS PAID  
VOLUNTEERISM**

Flanagan's provides paid volunteerism opportunities to employees and, to date, has supported over 540 hours of volunteer time.

108 Employees have volunteered at the Food Bank, Habitat for Humanity, Easter Seals, Freeport Hospital, Sunnyside Home, Good Food Box and more.

Rainwater collected with cistern.

**48,000+  
TREES**

The environmental impact of our solar panels (covering 100,000 square feet of the Kitchener branch roof) is the equivalent of planting over 48,000 trees.
